

As light gives way to darkness, we stand with hope as we hold the Advent Vigil for Disarmament at Bath Iron Works on the 4 Saturdays of Advent, November 26 and December 3, 10 and 17 from 11:30 to 12:30 We will gather in front of the Administration Building at Bath Iron Works on Washington Street in Bath and then walk down to leaflet the workers at the shift change. General Dynamics continues to build Aegis guided missile destroyers and will be upgrading the Zumwalts with Hypersonic missiles here in the BIW shipyard. The time has come to open our eyes to the reality that the continued building of warships perpetuates injustice and prevents us from using our resources to heal the many needs on our Mother Earth. These warships are nuclear capable and launch precision guided missiles which kill indiscriminately. This constitutes a Crime against Peace and feeds endless wars. It is time prepare for Peace by converting BIW to build something that promotes life so we can give the next generation a chance through Disarmament ! NO MORE WAR !! Smilin' Trees Disarmament Farm@763-4062.
